“I truly enjoy the people and the variety of work at FP&M. Every day is a new challenge!”

WHY FP&M

As a student at Iowa State University, I was employed by FP&M for three years. After graduating from ISU, I knew I wanted to make a difference in the lives and education for future generations by creating better learning environments. ISU also has wonderful benefits that help me to provide for my family on a day-to-day basis. They also help me prepare and plan for my future.

FP&M TODAY

My favorite part of FP&M is the family atmosphere and the vast amount of institutional knowledge. There is always someone to lend a hand or to walk through an issue. Working for ISU and FP&M has been a key to work/life balance for our family.
