

## Cindy Stigler

**Title:** Service Center Clerk

**Hired:** 2000

*“I have a lot of pride in FP&M  
and I know that I am appreciated.”*

### WHY FP&M

Prior to FP&M I ran a daycare and also worked at the Iowa Department of Transportation and in the corporate world. In the corporate world I just felt like a number. I didn't feel appreciated and didn't get to interact with people. I love working with people and solving problems and heard from many of my friends that Facilities Planning and Management was a fun place to work. I applied and have never looked back. At FP&M I feel appreciated and I know that I'm making a difference.

### FP&M TODAY

The benefits are great and the retention is amazing. You don't see people leave here because they love what they do and there's a sense of community. FP&M is flexible and I appreciate that. Vacation and sick leave far exceeds anywhere else I've been.

I love that every day is different and that I get the opportunity to help prospective students and their parents see what a beautiful place Iowa State University is. FP&M is so supportive from training to sending cards for your birthday or other occasions. I love working here.

WHO I AM
